

TO: ALL

SUBJECT: ACE ACADEMY SUMMER YOUTH PROGRAM

The Federal Aviation Administration, (FAA), in cooperation with The Organization of Black Airline Pilots, (OBAP) will sponsor the San Antonio Aviation Career Education, (ACE), summer camp. This program is a week long event that introduces the many career opportunities in the world of aviation.

We would like to invite students at your school, ages 14-18 to apply for this unique opportunity. Details are available at [www.saace.org](http://www.saace.org) or call the ACE hotline at 210 805-8198. This is a free camp. All we ask is motivation and desire.

The ACE camp serves as a vehicle for initial exposure of aviation careers to youth and seeks to instill an appreciation for the academic skills necessary to succeed in the aviation field. The camp is conducted in a traditional classroom environment. The curriculum will include lecture, group activities, guest speakers, and field trips to various aviation-related facilities in the San Antonio metro area.

The ACE program will help students develop an awareness of the role of aviation in human history, encourage the exploration of career opportunities in aviation, introduce the role of government as it relates to aviation, and understand the overall socio-economic benefits of aviation in our communities and daily lives. In addition, all participants will have the opportunity to experience first-hand the joy of flight via orientation rides at the conclusion of the camp.

Again, we look forward to your students applying for the ACE Summer Camp. Please see the enclosed for details.

Regards,

A handwritten signature in black ink, appearing to read "Calvin L. Allen". The signature is fluid and cursive, with a long horizontal stroke at the end.

Calvin L. Allen
